BRIGHTON COLLEGE SOCIETY PROGRAMME OF EVENTS 2024–2025

Celebrating our parent community

“We all miss the contact with other parents as our children grow into their teens and become so independent. The Brighton College Society offers lovely opportunities to meet and connect with other Brighton College parents.”

Welcome

Welcome to the Brighton College Society, which offers a host of exciting events throughout the year for the College parent community.

I am delighted to welcome you to the Brighton College Society, which offers a diverse programme of events for our parents. The Society hosts a range of unique opportunities for parents to get together, have fun and learn new things. You will often be joined by members of the Common Room at these events, either as guests or as experts and guides in their specialist areas of interest. Many of the events are also hosted by you – our parents. We hope that you enjoy everything the Brighton College Society has to offer and help us continue to make it a vibrant addition to the experience of being a Brighton College parent.
